Environmental Results

Restored 1,100 linear feet of
West Creek using natural
channel design including log
cribs, live branch layering,
log weirs and live staking

Restored 8 acres of riparian
wetlands and 2 acres of
vernal pools

Planted 7,000-10,000 native
tree seedlings and shrubs

Division of Surface Water
Nonpoint Source Program
614-644-2020
