

Ohio Fish Consumption Advisory Updates for 2011
Ohio EPA Division of Surface Water. February 28, 2011.

See www.epa.ohio.gov/dsw/fishadvisory/index.aspx for more information.

The advisories for the following water bodies have been added or updated. Italicized water bodies have fish with low levels of contaminants and a less strict advisory than the statewide “one meal per week” advice.

Water Body	One meal per	Species	Contaminant	Reach
Cross Creek	Month	Common Carp	PCBs	Reeds Mill Road to mouth (Ohio River)
		Channel Catfish	Mercury, PCBs	
		Freshwater Drum	Mercury	
Duck Creek	Month	Common Carp	Total DDT	Township Road 329 (Stanleyville) to State Route 26 (Norwood)
		Sauger		
		Common Carp	Total DDT	State Route 26 (Norwood) to mouth (Ohio River)
