

Public Notice – Request for Comment
Draft Review of Ohio Administrative Code (OAC) Rules
OAC Chapter 3745-26, “Motor Vehicle Inspection and Maintenance (I/M) Program”

Notice is hereby given that the Ohio Environmental Protection Agency, Division of Air Pollution Control (DAPC) reviewed the rules contained in Ohio Administrative Code (OAC) Chapter 3745-26. The rules contain the requirements for the enhanced automobile inspection and maintenance program (E-Check). The review determined that the rules in OAC Chapter 3745-26 remain necessary but are not in need of change at this time.

As part of the rule-making process, DAPC is required by Section 121.39 of the Ohio Revised Code to consult with organizations that represent political subdivisions, environmental interests, business interests, and others affected by the rules. The DAPC is offering your organization the opportunity to comment on these rules before the division formally proposes them.

The draft of the Business Impact Analysis (BIA) document is available electronically for review at: <http://epa.ohio.gov/dapc/regs/regs.aspx>. See the information under the “Interested Party Review” tab for OAC Chapter 3745-26. We request that you provide us with any comments you may have to the draft BIA document by **Tuesday, October 6, 2020**.

Please e-mail or mail your comments or suggestions to the following addresses. Persons submitting comments electronically are encouraged to follow-up with a hard copy via regular mail:
