

Business Impact Analysis RESCINDED PACKAGES

Agency Name: Ohio Environmental Protection Agency

Regulation/Package Title: Clean Diesel School Bus Grants

Rule Number(s): 3745-49-50, 3745-49-51, and 3745-49-52

Date: March 9, 2018

Rule Type:

✓ Rescinded

This form is intended for rule packages in which every rule in the package is being rescinded. *New, Amended, No-Change, and Rescind/New rules must use the standard BIA.*

The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability, and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

Regulatory Intent

1. Please describe in plain language the regulation that is being rescinded.

The rules cover the permitted uses, eligibility, and prioritization of grant monies credited to the "Clean Diesel School Bus Fund" pursuant to 3704.144 of the Revised Code.

2. Why is the regulation being rescinded?

Ohio Revised Code 3704.144 was officially repealed in the last state budget.

3. Please describe in general terms the adverse impacts to business, including currently impacted industries, in the existing rule(s).

There are no adverse impacts to business in the existing rules since they were rules for grant issuance.

4. Are there other regulations (either existing or to be created) which will replace the regulation being rescinded or which will now apply because this regulation is being rescinded? This can include rules, statute, federal regulations, agency policies, or industry standards etc.

This grant program has been replaced by three other Ohio EPA grant programs that address emissions from school buses.

5. Does the rescission of this regulation eliminate flexibility or create more adverse impacts for stakeholders? If yes, please describe stakeholder outreach and justify the impacts.

No, this grant program has been removed from the statute. Ohio EPA did send out notice to stakeholders from January 25, 2018 to February 23, 2018, and did not receive any comments.
