The Common Sense Initiative was established by Executive Order 2011-01K and placed within the Office of the Lieutenant Governor. Under the CSI Initiative, agencies should balance the critical objectives of all regulations with the costs of compliance by the regulated parties. Agencies should promote transparency, consistency, predictability and flexibility in regulatory activities. Agencies should prioritize compliance over punishment, and to that end, should utilize plain language in the development of regulations.

Regulatory Intent:
1. Please briefly describe the draft regulation in plain language. Please include the key provisions of the regulation as well as any proposed amendments.
2. Please list the Ohio statute authorizing the Agency to adopt this regulation.
